Congratulation on your New LiveTracker24 Device

Here are the steps to activate your device for the first time

1) Insert your SIM into your normal phone and deactivate the PIN

2) Insert the SIM into the LivEtracker24 and turn the device on

3) Go to the "LiveTracker24 setup" page on your account and edit the LiveTracker24 entry to add the phone number of the SIM card

4) Click on the "setup" button and fill in the APN , then press "SET APN"

Your device will go live in 30 sec to 2 min , if you put it in a place with view to the sky.

Light Indicators

Your LiveTracker24 three LED lights with three different colors to indicate the status of the unit.

Red LED - indicating power status
